BIO-103

ENVIRONMENTALLY SAFE, WATER BASED COOLANT

A breakthrough in industrial cooling, BIO-103 is a proprietary formulation of colloids and other ingredients that work effectively without environmental risk.

FEATURES & BENEFITS:

Unique characteristics of BIO-103 make this a superior coolant for most industrial applications. These characteristics include:

- ✓ Water Based: Safe & easy machine clean up
 - No chlorinated paraffin or sulfur
 - Safer for your employees
- ✓ Superior Lubricity: Extends tool life
- ✓ Superior Rust Inhibitor Package: Eliminates rust worries
- ✓ Unique Chemistry: Emulsifies oils for cleaner work area
- ✓ Unique Formula: Assist in quick removal of metal fines
- ✓ Biocide Package: Assist in controlling biological growth
- ✓ Versatile: Wide range of metal working applications
 - Roll-forming, Stamping, Drawing & CNC Machines
- ✓ Variety: For use with Aluminum and Steel

ENVIRONMENTALLY-SAFE:

BIO-103 is a water-based, environmentally-friendly and worker-friendly coolant. (See: **Material Safety Data Sheet**, on back of sheet)

ECONOMICAL:

BIO-103 is a competitively-priced, and eliminates expensive additives.
