Clean & Green™

READY-TO-USE WINDOW & GLASS CLEANER

“ Conventional cleaning formulations, especially those for industrial and institutional use, often rely on ingredients whose environmental and human health profiles can be improved. Highly alkaline chemistry is corrosive; common solvents can be absorbed through the skin with potential effects on the liver, kidneys, lymph and blood systems and certain terpenes present both human health and environmental concerns, especially for their potential toxicity to aquatic organisms. ”

Clean & Green Ready-to-Use Window & Glass Cleaner has been formulated in partnership with the U.S. Environmental Protection Agency to provide a safer more environmentally preferable alternative without sacrificing performance. In addition to windows and glass, this neutral pH cleaner is ideal for polished surfaces such as chrome and stainless steel. Safe on plexiglass too.

BENEFITS:

No streaking
No film
No ammonia
No butyl
People SAFE
Environment SAFE

RECOMMENDED USES:

Window and glass
Mirrors
Chrome
Stainless steel
Table and counter tops

PACKAGING OPTIONS:

Quarts, 12 per case, product # 603121
Gallons, 4 per case, product # 603041
5 Gallon Pail, product # 603005
55 Gallon Drum, product # 603055
